Characteristics

Kiwi are slow, very quiet, and only come out at night.

They can be territorial and protective.

Kiwi are intelligent and crafty. What they lack in strength and speed, they make up for in creativity.

MEKA MANU

Kiwi find what they need using their sense of smell and listening.

Are you a great listener and tune into your senses?

**You might be
like a kiwi!**

Fun fact!

Kiwi are the only bird in the world with nostrils at the end of their beaks, meaning they can sniff down into the ground, further than any other bird to look for food.
